---

## **How to register for Flock note**

**Flock note** is a text messaging tool created for churches, schools, ministries and more to communicate important and up to date information.

At St. Luke we register all families in our Religious Education program into our Flock note tool to send families important information regarding our Religious Education program. With this tool you and anyone who wishes to register will received information regarding the program, cancellations of classes, and more.

***\*If you wish to opt out of the Flock note tool, please check NO below:***

***\_\_\_\_\_ (NO) I wish to opt out of the St. Luke Flock note tool and understand that I will not receive up to date notifications via text message. I will only receive information via email.***
